### **CWaC Planning Committee**

*N.B. As with most councils, the majority (>90%) of planning decisions are delegated to Case Officers. The Planning Committee usually only considers cases where:*

- *There is a high level of interest from local residents.*
- *The application is contentious and may not be in accord with the Council's own policies*
- *There is a major potential impact on the local community*
- *There are probity issues where the council could be perceived as being biased if the application is delegated to officers*
- *Where there is a variation in opinion between the council and other key consultees or community organisations*

*A local ward councillor may 'call-in' an application to ask for it to be considered by the full committee rather than be delegated. This is a useful mechanism if the local councillor(s) can be engaged in the topic.*

### **The Planning Committee (as at Dec 2023):-**

Councillor Gina Lewis (Chairman)

Councillor Stuart Bingham

Councillor Tommy Blackmore

Councillor Razia Daniels

Councillor Gillian Edwards

Councillor Myles Hogg

Councillor Katrina Kerr

Councillor Stuart Parker MBE

Councillor Gaynor Sinar

Councillor Alex Tate

Councillor Ben Walker

Councillor Norman Wright

*Note:- Members of the Planning Committee are obliged to look at all aspects of an application and not to be deemed to have 'pre-determined' their position. Whilst it is legitimate to contact members to explain our/your position, they may choose not to respond for fear of being seen to have pre-judged the issue.*
