6. Review of our 2025 Objectives and setting 2026 Objectives

Campaign Objectives – AGM 2025

Objectives 2025	
1	Work with the local authority in an attempt to progress improvements on at least 3 identified key routes within the city centre that need to be modified to ensure easy and inclusive cycle access and/or permeability
2	To review, refine and prioritise our full list of identified cycling infrastructure improvement projects to have the means to exert pressure on the local authority and other bodies to deliver results when funds are available
3	Provide comments on relevant planning applications and pursue action on enforcement as necessary through various channels
4	Maintain electronic maps so they can be more readily referred to by CW&C Transport and Highways in future programs of work for improving cycling infrastructure .
5	Continue to organise and publicise campaigns to report and follow-up on the lack of cycle path maintenance and involve councillors in follow-up
6	Increase Social Media engagement across all channels, linked to an active engagement in a programme of events and activities throughout the year.
